murdered even Russian intellectuals who agreed with them and tried to be on their side. The absolute perfidy of the Russian Jews is practically beyond belief. Later, when Stalin had put an iron collar around their necks, he kept them working for him by keeping alive in them the hope that someday they could overthrow him. Stalin yearned madly to expel the Jews from Russia, but he could not, simply because the entire Russian Intelligentsia had been murdered, and it would take two or three generations to replace them. In case you are wondering how long Communism will last in Russia, you may use this as a reliable gauge. As soon as the Russians are able to replace the native intellectual and political apparatus, which the Jews smashed in 1917, you will see the end of Marxism in Russia, and you will see a great Exodus of Jews from Russia. (Unfortunately, they will all come to the U. S.

It should behoove our Anti-Communists to stop yammering about Russia. The Marxist problem is HERE, not there. After the Trotskyites were thrown out of Russia, they came to the United States. To be precise, they came BACK to the United States, for New York was the breeding ground of the so-called "Russian Revolution" in the first place. Today the Trotskyites are able to set our campuses ablaze with demonstrations; they are edging us toward alliance with Red China. They have sabotaged the American effort in Viet Nam. Since we can see the evidence of these things even in the corrupt Jewish daily press, let us stop yammering about "Communist Russia." Russia may get herself out of Marxist slavery sooner than we will. The Jewish plunge for power in Russia was based upon ONE main tactic: the destruction of the native Russian intellectual leadership. Since the native Russian leadership has been slowly rebuilt, the doom of both Marxism and Jews in Russia is assured. International Jewry is already seeking new homes for Russian Jews. Some Jewish leaders are saying that "Future events will bring a new influx of Jews into Germany." They have been trying to prepare the Germans to accept an influx of Russian Jews. Since Russian Jews would be about as welcome in Germany as an influx of bubonic plague, U.S. Immigration Laws are being hastily changed. Very few people in the U.S.A. understand the purposes of recent changes in our immigration laws. The purpose is to prepare a home for the Jews who soon will be driven out of Russia.

We are constantly being told about "Russian Communist Plots" against the United States. The real fact is that New York is the center of a Jewish Communist plot against Russia. One has only to observe the beautiful precision with which the controlled intellectual machine of New York attempts to influence the course of events in Russia. The New York Times book review section has been busy for months "discovering" gifted, talented Jewish writers who were murdered by Stalin. Nothing is said about the gifted native Russian writers whom the Trotskyites dragged into basements and shot. Senator Javits and his cohorts have raved about "Soviet Anti-Semitism." In Moscow, the magazine NOVY MIR is an outpost of Jewish intellectual influence, and it has its communications with the New York Jews. I cannot understand why a magazine like NOVY MIR is allowed to exist in Russia. It is as dangerous as an A-bomb planted in the heart of the country. Still, the Russians seemed to have learned to face the Jewish menace with aplomb. Perhaps NOVY MIR will not destroy them.

Russia is in rather less danger from Jewish Marxism than the United States. Look not abroad for the heart of "The Conspiracy." It is not there, but here. The U.S.A., under Jewish domination, is the nation which radiates the Jewish Marxist poison abroad into the world. For many years, Stalin was blamed for fomenting foreign revolutions. He did nothing of the sort. He made sure that all of the foreign Communist parties outside Russia would fail. You can go into any big second-hand bookstore and find two dozen books written by "disillusioned" ex-

Communists, who discovered by sad experience that Stalin would not back them up. WHAT SHOULD THEY HAVE EXPECTED? Stalin was not fool enough to believe in Marxism. He knew that it was a Jewish racket, and, if he hadn't known it before, there is little doubt that old Henry Ford told him the truth, without much varnish on it. Stalin rejected the ideas of Karl Marx and eagerly accepted the ideas of Henry Ford. (One can easily imagine the consternation of the Jewish hack writers on PRAVDA and IZVESTIA when Stalin called them in and ordered them, "Fill the paper today with praise of Henry Ford and mass production.") Russia has pretended to be a "Marxist" nation, but has prevented rather than caused Communist revolutions abroad. The U.S.A. poses as "Anti-Communist," but, under the power of Jewish schemes, always pulls punches against Communism abroad. Viet Nam is only the latest of a series of such debacles. Our diplomacy after World War II installed the Communists in North Korea. No less than 38,000 young American soldiers died for Communism in Korea.

The crowning comedy of all occurred in Italy after World War II. The U.S. Army was infiltrated by Yid Commies from New York, and they did their level best to cause a Communist Revolution in Italy. They were overly eager to destroy the Vatican, and a Communist Revolution in Italy would have served their purpose. Hundreds of Millions of U.S. Taxpayer money was spent in an effort to bring off a Communist Revolution in Italy, with the help of the U.S. Army, which meant you and me, for most of us were in uniform at that time. Men in U.S. Army uniforms, Communist Yids from New York, murdered Anti-Communist Italians and threw their bodies down wells and into lakes. WHO PREVENTED A COMMUNIST REVOLUTION IN ITALY? Not the United States, and of course not the soft-handed Monsignori of the Church. If you really wish to know who prevented a Communist revolution in Italy, I will tell you: Josef Stalin, is who. Stalin knew that a Communist Revolution in Italy would only build another center of Jewish power in the world, and he was having quite enough trouble with the Jews in Russia, and didn't need to have a new Jewish elite in Italy helping them. A Communist Revolution in Italy would have brought the wholesale murder of the Italian Aristocracy, the industrialists of Milan, and of course all princes of the Church. Everybody would have been murdered except the proletariat. Then there would have emerged the classic pattern of Jewish takeover: A native proletariat ruled by a Jewish intellectual monopoly. To Stalin, the whole idea of a Communist Revolution in Italy was utter anathema. It would only have created another center of Jewish power. Stalin still had the Italian Comrades under his thumbs, and he gave firm orders: "NO REVOLUTION IN ITALY." The Jews who ran the U.S. Office of Strategic Services were wild, but Stalin had his way and saved Italy from a Communist Revolution.

Some day the world will understand Josef Stalin's lonely battle against the Jews. We have many characters in the U.S.A. who call themselves "Anti-Communists." They would not make a patch on Stalin's pants. If you mention Jews to them, they will say, "Oh we are against Communism but we are not Anti-Semitic." This is one of the silliest statements ever made. These phoney Anti-Communists draw a false picture of a non-Jewish monolith called "International Communism." There is no such thing. There is only a pack of cheap little Jews going about their usual smash-and-grab rackets. The picture of Communism created by the Jewish-controlled press is a smoke-screen designed to cover up Jewish activities.

Don't fret about "Red Russia." Russia will save herself from Communism. This will be little consolation to us in the U.S.A. Russia will save herself, but not us. They will be glad to export their Jews to us. Then WE will have a sample of what THEY have endured for forty years.

Ah! If only we were JUDENFREI we would be happy!

LEON TROTSKY, ruthless Zionist from New York and first boss of Soviet Union.

Ear to the Ground

With the mushrooming of the right wing movement all over the U.S. we can look for a surprise blockbuster from the left before long to check it.

Gaining support at the present rate patriots can regain control of our country in a few years. The enemy will never let this happen, without making some drastic, even violent move to destroy us. The question is, what form will this move take. Let us look at some of the schemes they've used in the past. When Russia took steps to control the Jews and put them back in the pale they threw that country into the bloody 1917 revolution. When Germany began breaking the Jewish stranglehold the Jews in this country maneuvered us into a war to destroy that country. When the tide began turning against them here between 1935 and 1940 they used war emergency security pretexts to clamp down on Father Coughlin and the German publications, the only sources printing and exposing the conspiracy. Now will they repeat one of the above tricks, or will there be some new trick to take us unawares? Economic collapse with banks closed and uncontrollable mobs milling in the streets? Or a nation wide coordinated outbreak of race and teen age riots so that the United Nations can be called in to take over?

Let us all be alert to note straws in the wind, for we can be sure of one thing. Something is being plotted at this minute to stop us with a bang in the not too distant future. But if we are forewarned we may still be able to save ourselves and our country.
